Dear Mr. Crapo:

On March 25, 2011, the Fillmore Field Office (FFO), Bureau of Land Management (BLM) received a Plan of Operations (Plan) under the Federal regulations at 43 CFR § 3809, Surface Management, subject to the mining laws as defined at 3809.5. The Plan is for the Treasure Chest Mine at T. 11 S., R. 11 W., sec. 6 and T. 11 S., R. 12 W., sec. 1 in Juab County, Utah. The Plan is serialized as UTU-88442. Please refer to this number in any future correspondence concerning this operation.

Our review shows that you plan to mine, disturbing two acres at a time and reclaim as you proceed. As required under the surface management regulations at 43 CFR 3809.411(a), BLM has reviewed the Plan to determine if it meets the content requirements at 43 CFR 3809.401(b). In order for the Plan to be complete and allow BLM to properly monitor your operation, BLM requires you to provide a map that shows the mining sequence and its relation to your mining claims.

Once the Plan is determined complete, BLM will prepare an environmental assessment (EA) on the Plan.

If you have any questions, please contact Jerry Mansfield, FFO Geologist, at (435) 743-3125.

Sincerely,

Acting For

Michael D. Gates
